H9R

H9R

PRODUCT DESCRIPTION

Powerful yet relatively compact: The H9R accompanies you on rescue missions and outdoor challenges in the mountains or on the water. The headlamp is equipped with technological innovations allowing you to venture out in the dark and reveal critical details: locating an injured person in need of medical care, a treacherous spot on a mountain trail—or a rare bird in the dark woods. To make sure you always have the best possible lighting, you can rely on the innovative Adaptive Light Beam for automatic dimming and focusing and thus hands-free use of your H9R. If you prefer manual control, the enhanced Digital Advanced Focus System is the way to go. By turning the digital focus ring, you can digitally switch from flood to spot to suit any range or task. You can also choose between red light to help you preserve your night vision, green light for wildlife observation and blue light to make liquids visible—while the optional red rear light offers additional visibility. Its powerful battery also operates while charging, so you never run out of light—and is located at the back of your head for a balanced weight distribution. And: Our lights are made for a brighter future—therefore, your H9R contains recycled materials¹³.

- Automatic dimming and focusing (Adaptive Light Beam) for hands-free use as well as red, green and blue front light and optional red rear light
- Intuitive focusing (Digital Advanced Focus System) via digital focus ring
- Powerful battery: Charges via USB-C and operates while charging
- Sustainable: Use of recycled materials¹³ and 7-year warranty*
- Element-proof: High water and dust resistance (IP67)

TECHNICAL DATA	
Weight incl. batteries [g]	283
Material	PC, Aluminum alloy
Headband color	Black
Headband material	Elastic textile
Headband type	Side Overhead
Head movement type	Stepless Movement
Head movement angle [°]	124
Headband specifications	Detachable, Elastic, Washable

POWER SUPPLY	
Battery quantity	1
Rechargeable	Yes
Battery type	Lithium-ion
Total battery voltage [V]	3.6
Total battery capacity [mAh]	4600
Total battery energy [Wh]	16.56 Wh
Battery replaceable	Yes
Charging time [min]	240
Energy status indicator	Battery Indicator, Charge Indicator, Low Battery Warning

FURTHER SPECIFICATIONS	
IP class	IP67
Drop test (drop height) [m]	1.5
Working temperature range [°C]	-20 to +40

H9R

LIGHT FUNCTIONS

Cool White Main: Boost, Power, Mid power, Low power

LIGHT SOURCE	MAIN
Amount LEDs	3
Color	Cool White
Color temperature [K]	6000 to 7500
Color rendering index (CRI)	70

LIGHT VALUES - Cool White Main

	Boost	Power	Mid power	Low power
Light output [lm]	2000	1000	250	20
Beam distance [m]	250	240	125	35
Run time [h]	-	3	8	100

SWITCH

Side Multifunctional switch

FEATURES AND TECHNOLOGIES

Backup Mode, Flicker Free, Blue Light, Red Light, Green Light, Stepless Dimming, Transportation Lock, Memory Function, Rear Light, Adaptive Light Beam, USB-C Charging, Digital Advanced Focus System, Multi-Lens Technology, Temperature Control System

H9R

PACKAGING AND LOGISTICS

PACKAGING INFORMATION

Type of packaging	Box
Scope of delivery	Charging cable (USB-C), 1 set of rechargeable batteries (21700)
Item No.	503355
Color	Black
MSRP price (€)	149
Customs tariff number	CTN_85131000

SINGLE PACKAGE

Dimensions W x H x D [cm]	14.5 x 12 x 8.5
Gross weight [g]	398
GTIN-13	4058205043571

EXPORT CARTON

Unit	12
Dimensions W x H x D [cm]	32 x 30 x 27
Gross weight [g]	5316
GTIN-13	4058205043564

PRODUCT SERIES

Reveal the world: With a Ledlenser H headlamp, what was once hidden comes into view. At work, details emerge that demand your attention, beauty appears where shadows once concealed it, and the adventure ahead becomes unmistakably clear. Because at Ledlenser, light is more than illumination, it's revelation.

FOOTNOTES

The information pertaining to scope of delivery, appearance, performance, dimensions and weight corresponds to the information available at the time of publication. In the interest of product development, we reserve the right to change scope of delivery, appearance, design and color without prior notice. Product images may vary from the actual products and may show optional accessories which can be purchased separately. Errors and omissions excepted.

1) Measured values according to ANSI/PLATO FL 1 in the respective setting named. If no setting is specifically named, the luminous flux (lumens/lm) and range (meters/m) values refer to the brightest setting and the burn time (hours/h) values refer to the lowest setting. A boost function (if available) can be used several times, but is only

available for a short time at a time. In case the lamp is equipped with colored LED(s), the measured values are given with white light or the white LED. If the lamp has different energy modes, the "energy saving mode" is the basis for the measurement.

2) Calculated value of the capacity in watt-hours (Wh). This applies to the battery(ies) contained in the delivery condition of the respective item or, in the case of lamps with rechargeable battery, to the battery(ies) contained herein in a fully charged condition.

*) 7 year warranty only if registered, otherwise 2 years. Warranty conditions viewable at <https://ledlenser.com/en/infos-service/warranty/>
