

Technical Datasheet - BAT01

General Information

Brand : BATSECUR

Reference : BAT01

Type : Non-rechargeable Lithium battery

Application : Alarm products

Technical Specifications

Specification	Value
Nominal Voltage	3.6V
Capacity	6Ah
Dimensions (H x L)	51 mm x 28.4 mm
Weight	61g
Composition	LiSoCl2
Operating Temperature	-55°C to +85°C
Shelf Life	10 years in storage (under specified conditions)

Safety Instructions

- **Non-rechargeable** : Do not attempt to recharge the battery.
- **Protection** : Resistant to extreme temperatures and low self-discharge rate.
- **Handling** : Avoid exposure to excessive heat, fire, or water.
- **Storage** : Store in a dry place at room temperature.
